# SEX DISCRIMINATION AND SEX-BASED HARASSMENT UNDER TITLE IX

The District does not discriminate on the basis of sex, and prohibits sex discrimination in all of its education programs and activities, as required by Title IX and its regulations. Such discrimination includes sex-based harassment. This policy and related procedures apply to all students, employees, and applicants for employment.

Discrimination on the basis of sex includes discrimination on the basis of sex stereotypes, sex characteristics, pregnancy or related conditions, sexual orientation, and gender identity.

# Formal Complaints

A formal complaint is a document filed by a complainant or signed by the Title IX Coordinator alleging sexual harassment under Title IX against an individual and requesting that the district investigate the allegation of sexual harassment under Title IX. The formal complaint must be a written document but need not be in any specific form. At the time a formal complaint is filed, the complainant must be participating or attempting to participate in the district's education program or activity.

The formal complaint investigation and process will only be triggered when the complainant files a formal complaint of sexual harassment under Title IX.

The district will investigate the complaint and make determinations regarding a complaint's allegations using a preponderance of evidence standard.

The Title IX Coordinator, investigator, decision-maker or facilitator of an informal resolution process, if applicable, must not have a conflict of interest or bias for or against complainants or respondents. All individuals with conflicts of interest or bias must recuse themselves.

## Title IX Coordinator

The District will designate at least one employee as Title IX Coordinator to receive complaints of sex-based discrimination and harassment, and coordinate the district's efforts to comply with Title IX and its regulations. The Superintendent is in charge with ensuring the Title IX Coordinator is fully trained and prepared to execute all elements of Title IX legislation.

#### Grievance Procedures

The District will adopt, publish, and implement grievance procedures, consistent with the requirements of Title IX regulations, that provide for the prompt and equitable resolution of complaints made by students, employees, or other individuals who are participating or are attempting to participate in the district's programs or activities, or by the Title IX Coordinator, alleging any action that would be prohibited by Title IX or its regulations.

# Notice

The District will provide notice of nondiscrimination, this policy, and its grievance procedures, to district students, the parents/guardians/other legal representatives of students, employees, applicants for employment, and collective bargaining units. The notice will include:

- 1. A statement of nondiscrimination;
- 2. A prohibition of discrimination;
- 3. That questions about Title IX can be referred to the Title IX Coordinator, the U.S. Office of Civil Rights, or both;
- 4. The name and contact information of the Title IX coordinator(s);
- 5. How to locate this policy;
- 6. The district's Title IX grievance procedure;
- 7. How to report information about conduct that may be sex discrimination under Title IX; and
- 8. How to make a complaint of sex discrimination under Title IX and its regulations.

The District's notice of nondiscrimination will be posted on its website and in each handbook, catalog, announcement, bulletin, and application form which are available to people who are entitled to notice, or otherwise used in connection with the recruitment of employees. However, due to the size or format of those publications, the district may instead include a statement that the district prohibits sex discrimination in its education programs and activities, that individuals may report concerns or questions to the Title IX Coordinator, and the location of the full notice on the district's website.

# Employee Requirements

All employees (except those designated as "confidential" under Title IX and those who have been personally subjected to conduct which may constitute sex discrimination under Title IX) are required to notify the Title IX Coordinator if they have information about conduct that reasonably may constitute sex discrimination under Title IX and its regulations.

# Supportive Measures

The District will offer supportive measures to complainants or respondents in cases alleging sex discrimination and sex-based harassment, as required by Title IX's regulations. Supportive measures may include, but are not limited to:

- 1. Counseling;
- 2. Extensions of deadlines and other course-related adjustments;
- 3. Escorts while on school grounds or activities;
- 4. Increased security and monitoring of certain areas of the district;
- 5. Restrictions on contact applied to one or more parties;
- 6. Leaves of absence;
- 7. Changes in class, work, or extracurricular or any other activity, regardless of whether there is or is not a comparable alternative; and
- 8. Training and education programs related to sex-based harassment.

# Emergency Removals and Administrative Leave

The District may remove a respondent from the district's education program or activity on an emergency basis. To do so, the district must perform an individualized safety and risk analysis, determine that an imminent and serious threat to the health or safety of a complainant or any student, employee, or other person justifies removal, and provide the respondent with notice and opportunity to challenge the decision immediately following the removal. Any such removal will be in accordance with the district's responsibilities under the Individuals with Disabilities Education Act, Section 504 of the Rehabilitation Act, the Americans with Disabilities Act, and state Education Law section 3214.

The District may also place an employee respondent on administrative leave while the Title IX grievance process is pending. Any such leave will be in accordance with the district's responsibilities under the Individuals with Disabilities Education Act, Section 504 of the Rehabilitation Act, the Americans with Disabilities Act, state Education Law section 3020-a, and state Civil Service Law Section 75.

# Pregnancy and Related Conditions

Under Title IX regulations, "pregnancy or related conditions" means:

- 1. Pregnancy, childbirth, termination of pregnancy, or lactation;
- 2. Medical conditions related to pregnancy, childbirth, termination of pregnancy, or lactation; or
- 3. Recovery from pregnancy, childbirth, termination of pregnancy, lactation, or related medical conditions.

The District will not discriminate against students, employees, or applicants for employment based on their current, potential, or past pregnancy or related conditions.

Under the Title IX regulations, the district has specific responsibilities regarding students who are pregnant or have related conditions:

- 1. Providing the student with the contact information of the Title IX Coordinator (required of all employees who are informed by the student or their legal representative of their pregnancy or related condition);
- 2. Informing the student (and, if applicable, their legal representative who informed the Title IX Coordinator of the pregnancy or related conditions) of their rights under the Title IX regulations and the district's nondiscrimination notice;
- 3. Making reasonable modifications, based on the student's needs and in consultation with the student, as long as they do not fundamentally alter the district's education program or activity (including but not limited to: health or lactation breaks, absences, online/homebound instruction, time extensions, sitting/standing, access to water, counseling, physical space or supply changes, elevator access, or changes to policies, practices or procedures);
- 4. Allowing the student to voluntarily access separate programs and activities which are comparable to those offered to students who are not pregnant or have related conditions;
- 5. Allowing the student, if they are over the compulsory education age, to voluntarily take a leave of absence and to be reinstated to their academic and extracurricular (if possible) status when they return.
- 6. Providing access to a lactation space (other than a bathroom, which is clean, shielded from view, and free from intrusion from others) to express breast milk or breastfeed (if students are permitted to bring their children to the district's program or activity);
- 7. Only requiring supporting documentation that is necessary and reasonable for the district to determine the reasonable modifications to make;
- 8. Providing medical services comparable to what the district would provide for other temporary medical conditions; and
- 9. Only requiring certification from a healthcare provider that the student is physically able to participate in the district's education program or activity if: (a) a certain level of physical ability or health is necessary for participation; (b) all students participating in the class, program or activity are required to provide such certification; and (c) the information is not used as a basis for prohibited discrimination.

The Title IX regulations require the district to provide reasonable break time and access to a lactation space for employees to express breast milk or breastfeed (if employees are permitted to bring their children to the district's program or activity) as needed. Employees have specific rights to express breast milk under federal and state laws. See policy district policy 9520.6, Policy on the Rights of Employees to Express Breast Milk in the Workplace, for more information.

# Training

The District will ensure that all employees receive training related to their duties under Title IX promptly upon hiring or change of position, and annually thereafter. Such training will include the district's obligation to address sex discrimination, the scope of conduct that constitutes sex discrimination and sex-based harassment, and employee notification requirements under Title IX.

Personnel in positions with additional responsibilities under Title IX will receive training specific to those responsibilities. Those positions include investigators, decisionmakers, persons who implement the district's grievance procedures or can modify or terminate supportive measures, informal resolution facilitators (if the district offers informal resolution), and Title IX Coordinator(s) and designees.

# Questions

Prior to issuing a written determination, the decision-maker(s) will afford each party the opportunity to submit written, relevant questions that a party wants asked of any party or witness, provide each party with the answers, and allow for additional, limited follow-up questions from each party. Questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant, unless such questions and evidence about the complainant's prior sexual behavior are offered to prove that someone other than the respondent committed the conduct alleged by the complainant, or if the questions and evidence concern specific incidents of the complainant's prior sexual behavior with respect to the respondent and are offered to prove consent. The decision-maker(s) must explain to the party proposing the questions any decision to exclude a question as not relevant.

#### **Determinations**

Following the question-and-answer process and upon receipt of the investigative report, the decision-maker will issue a written determination. The decision-maker's written determination will address:

- · The allegations,
- The procedural steps taken in the case at hand,
- The findings of fact,
- The applicability of code of conduct and local rules to the facts, and
- The result with corresponding rationale for each addressed allegation, including a determination of responsibility, disciplinary sanctions, and whether remedies to restore or preserve access will be provided.

#### Appeals

Following a decision-maker's written determination, either party may appeal the written determination or dismissal of the complaint.

An appeal must be submitted to the Title IX Coordinator within seven (7) calendar days of receipt of the determination or dismissal (as applicable) and must identify all information a party wishes to have considered on appeal. Any appeal statement will be shared with the other party, who will have two (2) calendar days to submit a response to the Title IX Coordinator. The appeal and any response will be considered by a decision-maker other than the decision-maker who issued the determination or dismissal that is being appealed.

Grounds for an appeal are limited to the following:

- Procedural irregularity that affected the outcome of the matter; and/or
- New evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter; and/or

- The Title IX Coordinator, investigator(s), or any decision-maker had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that affected the outcome of the matter; and/or
- The sanction is inappropriate.

A decision responding to the written appeal will be issued to the parties and the Title IX Coordinator within thirty (30) calendar days.

# Students with Disabilities

For students with disabilities who are either a complainant or respondent for a Title IX complaint, the Title IX Coordinator will consult with members of a student's IEP or placement team to determine how to comply with the Individuals with Disabilities Education Act and/or Section 504 of the Rehabilitation Act of 1973.

# Recordkeeping

The district will maintain for at least seven years:

- 1. All records documenting the information resolution or grievance procedures for all complaints of sex discrimination, and the resulting outcome;
- 2. All records documenting the actions the district took in response to notifications received by the Title IX Coordinator about conduct that reasonably may constitute sex discrimination; and
- 3. All materials used to provide training under Title IX, which must be made available to members of the public upon request.

#### Related Laws and Policies

Sex discrimination and sex-based harassment are also prohibited under other district policies cross-referenced below. Complaints of sex-based discrimination and harassment should be first reported to the Title IX Coordinator. If reported to another employee, that employee is required to notify the Title IX Coordinator. If the alleged conduct, even if it were true, would not meet the definition or standard of sex-based discrimination or harassment under Title IX, the district will proceed under other applicable policies. Any information gained during a Title IX investigation can be used in the investigation of violations of other policies and subsequent imposition of discipline. The Title IX Coordinator will facilitate the transfer of information to employees designated to address violations of other policies.

Additionally, if the Title IX coordinator has a reasonable suspicion that the alleged harassment involves criminal activity, they must immediately notify the Superintendent, who will then contact appropriate law enforcement authorities.

## EX OFFICIO STUDENT MEMBER OF THE BOARD

The Board of Education believes that it is important to include students' voices in its deliberations. Pursuant to law, the Board will designate at least one ex officio student member of the Board for the purpose of providing regular and direct communication between the Board and the student body.

Good faith actions, mutual respect, and cooperative effort of all parties are essential to a positive and meaningful partnership and bringing about meaningful changes. The Board believes that an ex officio student member will:

- 1. provide students with an opportunity to express their voices, take ownership of their education, and impact Board decisions;
- 2. provide for the Board and students a vehicle through which they may exchange information and learn from one another;
- 3. provide an opportunity for students to gain experience with governance and leadership;
- 4. broaden the base of information available to those ultimately responsible for educational decision making; and
- 5. develop an environment that encourages inclusion, understanding, trust, and respect.

# Position of Ex Officio Student Member of the Board

As required by law, the Board will have at least one ex officio student member. Ex officio student member(s) will be entitled to sit with Board members at all public meetings and hearings, participate in other Board activities and responsibilities at the discretion of the Board, [optional language: and may participate in training opportunities at the discretion of the Board,] but will not be required to participate in mandatory training for elected or appointed Board members. Ex officio student members may request to participate in meetings remotely, and may be excused to leave meetings early, upon the approval of the Board President.

Ex officio student member(s) will NOT: be allowed to vote; be allowed to attend executive sessions or any other meetings or hearings not open to the public; or be entitled to receive compensation of any form for participating at Board meeting. Neither will they have the authority to call a special and/or emergency meeting of the Board; be considered a "member" of the Board for the purpose of establishing a quorum for conducting business; or be allowed to see or discuss documents or information regarding individual district personnel, collective bargaining negotiations, individual student records, or any other confidential matters.

Specifically, ex officio student members of the Board are expected to:

- 1. Bring a student perspective to the Board's discussions;
- 2. Bring student concerns to the Board's attention;
- Represent the student body on the Board;
- 4. Report back to the student body on the Board's actions; and
- 5. Solicit input from students on matters impacting the district, at the direction of the Board.

## **Additional Provisions**

The ex officio student member represents the student body, and acts as an example for the students of the district. Such students are expected to abide by all applicable Board policies including the student Code of Conduct. Violations may result in removal from the position as determined by the Board. Ex officio student members may resign in writing to the District Clerk. The Board may also declare the seat vacant if the ex officio student member fails to attend three consecutive Board meetings without sufficient excuse.

The Superintendent or designee is responsible for arranging an orientation and training program for the ex officio student member. The Superintendent will establish procedures for the ex officio student member with the Board of Education if necessary to implement this policy.
